*"We have recently purchased the AlphaLink product from AlphaLogix to integrate Act! with Sage 50 Accounts. We were quite apprehensive at first as we have been using Sage 50 Accounts for many years and have some very established processes in place. AlphaLogix have helped make the transition simple and easy with excellent telephone support and training. After a very short period of time we had all our sales and invoice data synched between the two platforms"*

Mark Nichols,
